INTRODUCTION

On the 348 rolls of this microfilm publication are reproduced the applications submitted for shares of the money that was appropriated for the Eastern Cherokee Indians by the Congress on June 30, 1906. The Eastern Cherokee applications, August 29, 1906-May 26, 1909, are part of the Guion Miller Enrollment Records that are among the records of the U.S. Court of Claims. This publication also includes a general index to Eastern Cherokee applications (two vols.).

History

Before the U.S. Court of Claims was established in 1855 there was no procedure by which claims arising against the U.S. Government could be enforced by suit. Consideration of claims was provided for when the Treasury Department was established in 1789; later acts of the Congress authorized the Department to settle all claims by or against the Government. If a claim was rejected by the Treasury Department, the claimant's only course of action was to appeal directly to the Congress. Petitions to that body for relief had become so numerous by the middle of the 19th century that the Congress was beginning to find it impossible to make the proper and necessary investigations for actions on the claims.

The U.S. Court of Claims was established by an act of February 24, 1855, to hear claims against the United States including those referred to the court by the Congress, based on any law of the Congress, any regulation of an executive department, or any contract with the Government, whether explicit or implied. Under this act the court served only as a factfinding agency, and its conclusions were submitted to the Congress for approval and for the granting of awards. In 1863 the Congress enlarged the court's jurisdiction and gave it authority to render judgments against the Government, with the right of appeal to the Supreme Court. An act of 1925 abolished appeals from the Court of Claims to the Supreme Court and substituted writs of certiorari.

An act approved July 1, 1902 (32 Stat. 726), gave the Court of Claims jurisdiction over any claim arising under treaty stipulations that the Cherokee Tribe, or any band thereof, might have against the United States and over any claims that the United States might have against any Cherokee Tribe or band. Suit for such a claim was to be instituted within 2 years after the act was approved. As a result, three suits were brought before the court concerning grievances arising out of the treaties:

On May 18, 1905, the court decided in favor of the Eastern Cherokees and instructed the Secretary of the Interior to identify the persons entitled to participate in the distribution of funds for payment of the claims. On June 30, 1906, the Congress appropriated more than \$1 million for this purpose. The task of compiling a roll of eligible persons was begun by Guion Miller, special agent of the Interior Department. In a decree of April 29, 1907, the court (1) vacated that part of its earlier decision that had given the Secretary of the Interior responsibility for determining the eligibility of claimants and (2) appointed Miller as a special commissioner of the Court of Claims.

The same decree also provided that the fund was to be distributed to all Eastern and Western Cherokee Indians who were alive on May 28, 1906, who could establish the fact that at the time of the treaties they were members of the Eastern Cherokee Tribe or were descendants of such persons, and that they had not been affiliated with any tribe of Indians other than the Eastern Cherokee or the Cherokee Nation. The decree further provided that claimants should already have applications on file with the Commissioner of Indian Affairs, or should file such applications with the special commissioner of the Court of Claims on or before August 31, 1907. Additionally, applications for minors and persons of unsound mind were to be filed by their parents or persons having their care and custody, and applications for persons who had died after May 28, 1906, were to be filed by their children or legal representatives.

In his report of May 28, 1909, Miller stated that 45,847 separate applications had been filed, representing a total of about 90,000 individual claimants, 30,254 of whom were enrolled as entitled to share in the fund--3,203 residing east and 27,051 residing west of the Mississippi River. On June 10, 1909, the court confirmed and approved the roll, submitted by Miller in his report, of Eastern Cherokees who were entitled to a share of the fund except "so much as shall be expected (excepted) to on or before August 30, 1909." After the exceptions had been filed and investigated, Miller submitted a supplemental report and roll to the court on January 5, 1910. In this report he stated that about 11,750 exceptions had been made, that the names of 610 persons (238 east and 372 west of the Mississippi) had been added to the roll, and that the names of 44 persons (5 east and 39 west of the Mississippi) had been stricken from the roll because clerical errors in enrollment had been discovered. Thus the final figure on the total number of persons entitled to share in the fund was 30,820, of which 3,436 persons

NATIONAL ARCHIVES MICROFILM PUBLICATIONS

resided east and 27,384 resided west of the Mississippi River. On March 15, 1910, the court finally decreed that the rolls be approved and that, after certain deductions for expenditures, payments were to be made equally among the Eastern Cherokees who were enrolled. The court also authorized the Secretary of the Treasury to issue a warrant in favor of each person.

In certifying the eligibility of the Cherokees, Miller used earlier census lists and rolls that had been made of the Cherokees by Hester, Chapman, Drennen, and others between 1835 and 1884. Copies of some of these rolls and the indexes to them are filed with the Miller records (filmed as M685). Other enrollment records used by Miller are among the classified subject files of the Bureau and are designated as "33931-11-053 Cherokee Nation."

Records

The applications contain sworn evidences of identity and were filed with the Interior Department's Office of Indian Affairs until April 29, 1907 (the last application was No. 22268), after which the applications were filed directly with the court. The application required each claimant to state fully his or her English and Indian names, residence, age, place of birth, name of husband or wife, name of tribe, and names of children. It further required the English and Indian names of the claimant's parents and grandparents, place of their birth, place of their residence in 1851 if they were living at that time, dates of their death, and a statement as to whether any of them had ever before been enrolled as Indians for annuities or other benefits and, if so, with what tribe. Each claimant was also to furnish the names of all brothers and sisters, with their ages and residences, and the names and residences of all uncles and aunts. Applications were required to be made under oath and to be supported by affidavits of two witnesses who were well acquainted with the applicant. With each application is a card showing final action taken and the reasons therefore. Filed with many of the applications are inquiries concerning the status of the cases, requests for further evidence, protests about unfavorable actions, form letters that had been sent by the special commissioner to the applicants as notices of rejection of their applications and returned by the Post Office Department as unclaimed, affidavits and statements of witnesses, powers of attorney, and last wills and testaments. The applications are arranged by the number assigned at the time the application was received. There are some gaps in the application numbers; these are explained on insert sheets at the appropriate places on the film. The index is arranged alphabetically by name (either English or Indian) of claimant.

Many of the files contain a cross-reference card to other applications. This cross-reference card often refers to the EX file, the report on exceptions filed by Miller on January 5, 1910.

My mother did not speak the Indian language. She never tried to get any Indian money from the government and never received any. I claim my Indian blood through my grandmother Doss who lived in Hall County. I never saw her. She did not live with the Indians. My grandfather first told me of my Indian blood. Jas. R. Wiley
a Notary Public for *Ward* County,
TEXAS.

Interrogative-1st, Why were your parents and grandparents never enrolled?

Answer, My parents failed to be enrolled on account of not embracing the opportunity to do so until the expiration of the time limited to do so, My Grandmother failed because ~~because~~ her husband rather opposed it, she finally went before the commissioners at Lurant, after the expiration of the time to enroll, she is now dead, the Com seemed to think her claim was good, if she had not slept on her rights.

Interrogative-2nd, Were any of your ancestors slaves?

Answer-- No.

Interrogative-3rd. Do you pass as white or colored in the community in which you live?

Answer, White.

Interrogative-4th, Were any of your ancestors parties to the treaties of 1835-6 and 1845?

Answer, To this question we cannot answer for certain, but think so.

Interrogative-5th, State clearly the name of the ancestor through whom you claim, and where that ancestor resided in 1836 and 1851?

Answer, William Worshum, he was born and lived in Pittsylvania county Vir, until somewhere between the years 1845 and 1852, when he moved to Pulasky or Montgomery County in the same state, where he died at a very old age, he had two brothers, named Thomas and John, we never heard of any sister, we have also been told their father name was William, our G. Grandfather Worshum home in Virginia was always the stopping place of any of the tribe passing through the country, and seldom a week passed but one or more ^{not} were staying there, and where, Grandmother has told us, that she had often seen her father mix and take a part in their Tom Tom dances.

No. 39380.

State of Arkansas.
County of Newton,

I James R Hankins do solemnly
swear relative to application for
participation in the Eastern Cherokee
fund. as follows. Claim Number 39380

That the reason that my parents
or grandparents were never enrolled
is that they were uneducated and
did not know how to proceed and
I have only lately learned that.

None of my ancestors were
slaves that I have any knowledge of.
I claim the right to share
in this fund. through grandfather
on my mother's side. His name was
Carnelius but I don't know his
given name. I think he was living
in Kentucky 1835, and in Ind. Terr.
in 1851. - but I am not certain as to
where they lived as my grandfather
died about 1861, and I have nothing
of the record kind to refer to.

Appl. #39380

James R. Hankins being first duly sworn, deposes and says:

My name is James R. Hankins. I live at Quincy, Ark. I was born in 1852 in Douglass Co., Mo. I claim my Cherokee Indian blood through my mother, whose maiden name was ~~My~~ America Jane Bates. My mother was born, I think, in Pulaski Co., Ky. She was born in 1825 and died in 1890. I don't know whether my mother ever lived with the Indians in Ky. From Ky. she moved to Phelps Co., Mo. I don't know when that was. It was before the war, I don't remember the year. She was never enrolled as I know of. She never received any money or land from the Govt. on account of her Indian blood. I do not claim through my father. I have brothers and sisters but they have not filed applications. I never made application for citizenship in the I. T.

My name is Wm C. Tarpley, and I live at Gracemont, Okla. I am 36 years old. I claim my Indian blood through my father Samuel S. Tarpley, who is living at Quay, N. Mexico. My father is about 63 years old. He was born in Tenn. I do not remember the county. He came west in 1856. He settled in Tex. My father applied under the Dawes Commission for Indian rights, but these were not allowed. I have understood that no children were enrolled for citizenship rights. My father lived in Tex. until 1881, and then we came to the Territory. We came to the Choctaw Nation. He associated some with the Choctaws, but they gave him no tribal recognition. My father always claimed to be a Cherokee. My father gets his Indian blood through his mother, Mary Davis. She died in Tex. in 1881. She was about 70. She came west when my father did. She never lived among the Choctaws. None of my people that I know of ever got any money from the government on account of their Indian blood. Mary Davis was either 1/4 or 1/16. Mary Davis got her Indian blood through her mother, a Downing. I do not know anything about the Downings except that they were Cherokee Indians.

Dear Sir,

In answer to your letter of May 11th 1908 I say
that I am deeply surprised & very sadly disappointed to
learn that none of my people are on the Indian roll when I can
be proved by a lot of people that my great grandfather (Eliza Cleyton)
was one quarter Indian, though from what I can find out about
my people they were very ignorant unlearned people & would just think
of a round sorter like the Indians & I have been inquiring
from the old people around here they say they never heard of any one
in here to enroll the Indians.

There has never been any of my people slaves that I know of.

I know Robert M. Clayton. I have known him all his life pretty much. I am in my 81st year and knew him as a child. I knew his father and mother. I got acquainted with his father up here in the edge of the mountains, many years ago. He was a grown man when I got acquainted with him, and had a family. I never heard him say where he was born. I never heard his mother say that she was an Indian. John Clayton told me once that he was part Indian. He did not say how much Indian he was. He never told me what kind of Indian he was. He never told me that he drew any Indian money.

Robert N. Clayton, being duly sworn and examined,
deposes and says:

My name is Robert N. Clayton. I am about 48 years old. I was born in Polk Co., Tenn. I claim on both sides, from what has been told to me. My father's name was John Clayton. Cannot say where my father was born. I don't know whether he was born in Virginia or not. My best recollection, as far as I can recollect, was that she was born in South Carolina. I do not know what part of N. C. I was a grown man when my father and mother died. My father's father was Elijah Clayton. My mother's mother's name was Betsey Webb. My impression is that it was grandfather on my father's side that had the Indian blood. My mother's name was Leonette. Her parents were Rolly Hood and Annie Hood. The Indian blood was on the Annie Hood side. She was Annie McKinney. I am not able to say that my mother's mother was born in South Carolina, - she might have been. I cannot say where Elijah Clayton was born. I have never sworn to any paper on this subject. I swore to my application which I filed. It was before J. D. Clemmer. One thing that made me file this claim was because Mr. Vaughn said that there was a chance to draw through the McKinney and Clayton side. I never heard my father and mother say that they were enrolled in 1851. My father lived in the 9th District in 1851. My mother, of course, lived with him. My father was about 74 or 75 years old when he died. My father has been dead 15 to 20 years. My father was about the same age as my father and died a few years earlier. I heard my father and Mr. Guinn talk about being Indians. I do not remember hearing them say to what tribe they belonged. I have heard from time to time that I had Indian blood and never paid any attention to it. Before this matter came up I cannot say that I ever heard what tribe my Indian blood came from but since this matter came up I think I have heard some of them say that it was Cherokee.

My name is M. S. Cheek. Mahala J. Cheek is my wife. She is not able to be present. I make no claim in my own right. My wife claims through her mother. Her mother's name was Thenia Hughes, her maiden name was Thenia Clayton. My wife claims through the same line as Robert Clayton who has just testified (~~###~~ 41381-39416.) Thenia Clayton died when I was small. I knew Elijah Clayton, her father. I knew Elizabeth Clayton. I first knew Elijah Clayton in 1856. I was a little boy. Elijah Clayton had been dead 30 years and he was about 80 years old. He was raised principally in Sevier Co., Tenn. My father and he were about the same age, my father was raised in Lee Co., Va. and Elijah Clayton was raised in Sevier Co., ~~in~~ Tenn., just over the line. I never heard of his getting any Indian money. I have heard him say that he was part Indian., ever since I was a little boy. I think he claimed to be one-quarter Indian. He claimed to be Cherokee Indian always. He looked like an Indian. I have heard about his having lived in amongst the Cherokee Indians, in the upper end of this State about the ~~in~~ North Carolina line. I never heard him claim to have lived any ~~where except~~ in Tenn. up near the Virginia line ~~until~~ ^{when} he came to this part of the State. I never heard of my wife's mother being enrolled as an Indian or drawing any money as an Indian. I think Elijah Clayton said that his father was named Robert Clayton. I knew Robert N. Clayton's mother and have heard it mentioned that they have indian blood on the McKinney side.

Sir:

Relative to your application for participation in the Eastern Cherokee fund please state why you, your parents and your grandparents, were never enrolled? Were any of your ancestors slaves? State clearly the name of the ancestor through whom you claim, and where that ancestor was living in 1835 and 1851?

Give any other information obtainable tending to establish your right to share in this fund.

An early reply will be appreciated.

Very respectfully,

Special Commissioner.

Dear Sir

Replying to your request of
"I will say I don't know positively
the reason my ancestors are not on the
roll, though if there was ever an enrolling
office through here I have never got
any trace of them & I have heard in
N.C. that the Indians would. or any
one who had Indian blood or a great many
of them would run & hide from such
officers or was afraid they would be
taken to the Indian Agency. Also my
people were very illiterate & never
looked after their interest like they should.
Suppose some of the above are the reasons
my people are not on the roll.
I am sure they ought to have been on the

well for I have heard my grandfather
(Eliza Clayton) say often that he was
one of the faithful Cherokee Indians.

None of my people have ever been
slaves.

My father Robert Clayton his father Eliza
Clayton his father Robert Clayton

My mother Clementine Clayton maiden
name Clementine Seton.

I have also understood the Setons was not
Cherokee Indian though what sort I don't know.

I am sure my people was living in Polk
& Monroe Counties in 1835 & 1851.

Hope this will explain all clearly, though
if there is any other proof needed kindly
notify me & think I can get it up

O.K.

Very truly,
